Bleachers International offers a superior record of reliability and performance. Years of experience enable us to provide virtually any type of bleacher or grandstand. The seating can range from 30 to 30,000 seats.

Our large manufacturing plant is centrally located Colorado, allowing for quick shipment to any location in the United States, Canada and Mexico.

We specialize in all-aluminum bleacher seating and offer complete architectural consulting and design. Our experienced staff can provide a full spectrum of services. They include but are not limited to:

- Preliminary Design and Consulting
- Architectural and Engineering Plans
- Retrofit of Existing Equipment
- Complete Manufacture of al Seating Systems
- Custom Manufacture Capability
- Total Installation of Equipment

Portable Bleachers

Bleachers International offers a full line of standard all-aluminum portable bleachers, both elevated and non elevated in 3-, 5-, 10-, 15-, and 20-row x 15' sections with various guardrail options. Mobile tip and roll units are also available. Custom designed units can be increased for future expansion.

Permanent Grandstands

Our custom engineered aluminum grandstands are designed for indoor and outdoor use. Several seat and aisle width options are available. Handicap ramps and platforms are available, as well as specialized seating requirements. Our technicians have years of experience in installations, insuring quality construction and maximum safety on ALL bleachers.

Renovations...

Retrofit of existing equipment is one of our specialties. Because aluminum is lightweight, durable and virtually maintenance free, many customers have employed Bleachers International to renovate their existing bleachers and grandstand systems. Our experts can offer a great deal of assistance with any renovation project.

Installations..

Bleachers International has been a supplier to: Parks and Recreations Districts + Schools and Universities + Athletic Facilities + Indoor and Outdoor Sporting Events + Fairgrounds + Rodeos + Amphitheaters + Racetracks + Commercial Uses.

Agency Requirements...

All our equipment meets or exceeds UBC, ICC specifications. Our prefabricated bleacher frames and seats may be assembled by the customer or installed by Bleachers International's technicians.

Bleachers International's all aluminum seating is economical and easy to install. Portable and permanent plank, footboards and accessory hardware are also available .
