

Bleachers International

Mobile Modular Seating

**Do you wish you had the flexibility to change the size of your seating capacity with modular design?
Do you need the ability to move your seating between multiple indoor and outdoor venues?**

This product design provides a modular seating system giving you the flexibility to fulfill your ever-changing spectator seating requirements.

Offer your spectators the best while meeting your changing needs with ease.

Change it and re-arrange it !

Spread out the modular design or use it as one continuous seating system. This product allows you the option to do both. The modular design combined with hydraulic lifts provides for flexible configurations in one simple system.

Choose Mobile Modular Seating as your solution!

Bleachers International offers a superior record of reliability and performance. Years of experience enable us to provide virtually any type of bleacher or grandstand. The seating can range from 30 to 30,000 seats.

Our large manufacturing plant is centrally located Colorado, allowing for quick shipment to any location in the United States, Canada and Mexico.

We specialize in all-aluminum bleacher seating and offer complete architectural consulting and design. Our experienced staff can provide a full spectrum of services. They include but are not limited to:

- Preliminary Design and Consulting
- Architectural and Engineering Plans
- Retrofit of Existing Equipment
- Complete Manufacture of al Seating Systems
- Custom Manufacture Capability
- Total Installation of Equipment

Seating can be with Stadium Seats or regular Bench seating (as shown).

The number of rows as well as the rise and tread are fully customizable.

The mobility is achieved with hydraulic jacks and regular rubber wheels; easily handle and maneuver with two people when the floor is flat.
